

## SPEC. OPS PATROL UNIT

Safety Ops Specialists offers a dedicated mobile patrol for clients who require a security presence without the added cost of a full-time security officer. We can provide lock-down service, noise control, property patrol, parking enforcement and on-call emergency services.

Clients requesting patrol services generally receive multiple random (or scheduled) patrols each day/night (7 days per week / 365 days per year) during their defined service period.

### SPECIALIZED TRAINING

Our Spec. OPS Patrol officers receive specialized training to deal with multiple types of situations, including de-escalation training, First Aid/CPR, Handcuffing & Restraint Application.

### 24/7 DISPATCH

We have a 24 hour a day dispatch service and our patrol officers are highly visible throughout your apartment Complex or neighborhood. Our patrol unit can be utilized for home or business.

## BENEFITS OF SECURITY

### SECURITY DISCOURAGES THEFT AND ROBBERY

The presence of a security officer at a site makes it less of a target. Criminals will attempt to steal from a site with less protection.

### KEEP YOUR CUSTOMERS SAFE

Customers who feel safe become repeat customers. A security officer can protect customers from attackers, solicitors, and car thieves.

### PROTECT YOURSELF IN LEGAL SITUATIONS

Residential property managers have to do what they can to protect themselves in legal situations, and that includes having the necessary evidence of crimes that occur on their property. A security officer can serve as a witness to any and all criminal activity that takes place.

### PROTECT YOUR INVESTMENT

The extra expenses that would be added to fix damaged property or to replace stolen equipment can be costly. The cost of adding security could actually save you money and reduce loss of profit.
